Vespa P/PX 125, 150 & 200 Owners Workshop Manual by Pete Shoemark

The Haynes Service and Repair manual for the Piaggio Vespa Scooter.

Piaggio (Vespa) Scooters Service and Repair Manual

82 pages, 30 illustrations, size 5.5 x 8.5 inches. Originally published in 1962 by Floyd Clymer, this manual includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for all 125cc and 150cc widemount engined Vespa Scooters from 1951 through 1961, beginning with the Vespa 125 (VM1T) through the GS150 (VS51T) it also covers the Douglas 42L2 and Clubman. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation, making it an invaluable resource for collectors and restorers of these classic Vespa scooters.

The Book of the Vespa - An Owners Workshop Manual for 125cc and 150cc Vespa Scooters 1951-1961

During the So-Cal Mod revival of the mid-1980s, one teen's simple quest to buy a Vespa is about to turn into an absolute nightmare. It's 1985, and to say Tommy Daniels is Mod-obsessed is no understatement: buying a scooter is the ultimate goal of his young life. When he hits the road on his search, it will be the strangest, most shocking three days imaginable, and he'll encounter a host of colorful characters, including a jerk cop and the Mod girl of his dreams, but nothing's going to stand in his way. His is a story of wanting something so badly, you'll put everything on the line to get it. Along the way, each chapter introduces a soundtrack song from Tommy's Mod mixtape. Also included, \"It's a Way of Life,\" an essay about the Mod revival in 1980s Southern California by Bart Mendoza, lead singer of the band Manual Scan, noted music journalist, and a prime player in the San Diego Mod scene. This prose novel includes a color image section featuring some prime Mod moments in California from the 1980s, as well as acclaimed artist Ralph Cosentino's cover for Dr.

Harvey's Victor the Vespa, the fictional book written by a character in the story!

Vespa P/PX 125, 150 & 200 Owners Workshop Manual

Readers will fall for a side of Italy rarely seen with the just-turned-forty Peter Moore rattling around the country on the back of an ageing Vespa scooter — like himself, a little rough around the edges, and a bit slow in the mornings perhaps, but basically still OK.

The Scooter Chronicles: A Southern California Modyyssey

Vespa P/PX125, 150 and 200 Scooters

In Morocco with General Damade is a travelogue chronicling the adventures of a British officer who served in the French army during the Moroccan crisis of 1905-06. Reginald Rankin provides a firsthand account of the political and military events that shaped the conflict, including meetings with key figures such as

Theodore Roosevelt and Winston Churchill. The book is an engaging read for anyone interested in military history or the politics of the early 20th century. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. VESPA GTS125, 250 & 300IE, LX, S, PRIMAVERA 125 & 150 SERVICE & REPAIR MANUAL (2005 TO 2018).

The 2-stroke Vespa is a style icon – an undoubted classic, and an immediately recognized symbol of its native Italy. Demand for these stylish scooters is booming, and interest in restoring and renovating them is at an all-time high. With its clear and concise text aided by extensively captioned full color photographs, this practical book guides the DIY enthusiast through all the stages of restoring a classic 2-stroke Vespa, taking it from a rusty unroadworthy wreck back to its factory fresh, former glory. It shows how to assess wear in all mechanical components, then assists in deciding the best and most cost effective method to renovate or repair. Both large and small frame power units are covered in detail, giving the reader confidence to carry out their own repairs to a high standard, which is both satisfying and cost effective. Brakes, suspension, electrical systems and brightwork are all addressed, from changing a bulb to welding in a new floor pan. An essential reference for all Vespa enthusiasts.

Vespa

Now a venerable icon of Italian style, the internationally known quintessential scooter - the Vespa - was once a two-wheeled revolution, offering mobility to everyone. Today it has come to symbolize scootering status, style, and freedom. As Vespa reaches its 60s without showing a wrinkle, this book celebrates its decades of incomparable spirit. In glowing images and words, the book shows Vespa in its many guises—as the two-wheeled vehicle of the post-war economic boom; as the symbol of the forward-charging ideas of the 1960s; appearing in romantic films such as Roman Holiday; and promoted in delirious ads that claimed, “Whoever Vespas, eats apples.” Decades of period ads and famous calendars are included, as well as technical and production information on every model ever built, including rare prototypes and variants. Each model is detailed in over 30 categories, from engine specs to production facts. Filled with stunning color photos and illustrations, the book is itself a stylish tribute to the iconic vehicle it celebrates. Author Giorgio Sarti knows Vespa, and this book is a thorough and thoroughly enchanting tribute to the scooter as it has sped through history, meaning something new to each generation, and in the process making its unique mode of personal transport synonymous with freedom. Officially licensed and includes a foreword from Piaggio Group President Roberto Colaninno.
