

ETHICS THEORY AND CONTEMPORARY ISSUES 8TH EDITION READ ONLY

Ethics: Theory and Contemporary Issues

Explore the major perspectives in ethical theory and a broad range of contemporary moral debates with MacKinnon/Fiala's *ETHICS: THEORY AND CONTEMPORARY ISSUES*, 9th Edition. Illuminating overviews and a selection of readings from traditional and contemporary sources make even complex philosophical concepts reader-friendly. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics

Learn about ethical theory and how these theories apply to contemporary moral debates using MacKinnon's acclaimed *ETHICS: THEORY AND CONTEMPORARY ISSUES*, Concise, International Edition. This book expertly balances ethical theory with today's most relevant moral issues, including torture, "partial birth" abortion, cloning, same-sex marriage, and Wikipedia and Google.

Ethics

Learn to look analytically at more than one side of an issue before deciding for yourself what position you will take.

Ethics

ETHICS: THEORY AND CONTEMPORARY ISSUES, 8E CONCISE presents the major areas of ethical theory through an engaging collection of contemporary moral debates. First, readers are introduced to such ethical subjects as religion and global ethics, utilitarianism and deontology, natural law ethics, virtue ethics, non-Western paradigms, feminist ethics, and care ethics. Then, these and other ethical concepts provide the framework for in-depth discussions on moral dilemmas such as euthanasia, sexual morality, economic justice, animal ethics, war, violence, and globalization. Plus, this edition brings the debate up-to-date with detailed discussions of timely moral topics such as same-sex marriage, structural racism, factory farming, pacifism, and global distributive justice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics: Theory and Contemporary Issues, Concise Edition

Effectively address the major areas of ethical theory as well as a broad range of contemporary moral debates using MacKinnon's highly acclaimed *ETHICS: THEORY AND CONTEMPORARY ISSUES*, Concise Edition. This book expertly balances ethical theory with today's most relevant moral issues, including torture, partial birth abortion, cloning, same-sex marriage, and Wikipedia and Google. Wildly popular for their insightful yet entertaining application of ethical dilemmas, the animated simulations that supplement the text on the accompanying online Resource Center are highlighted throughout this concise edition. The author's illuminating overviews make even complex philosophical concepts easy to read and understand. Comprehensive, clear-sighted introductions to general and specific areas of ethical debate cover major ethical theories, including feminist ethics and ethical relativism, before delving into issues ranging from euthanasia

and sexual morality to war, stem cell research, environmental ethics and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ethics: Theory & Contemporary Issues - Concise Edition

Offering a balance of theory and applications and a mix of text and readings, Consider Ethics begins with chapters covering ethical theory, each of which is followed by related, classical readings. The book concludes with an examination of six contemporary ethical issues presented in a pro/con format with introductory material that places each issue in context. Featuring selections from the world's most influential philosophers, this combination of primary texts and explanatory pedagogy presents the material in a clear, accessible way that does not sacrifice rigor. Making connections among different ethical theories throughout, the text helps students to engage the subject matter and apply theories to important contemporary ethical issues. NEW! Consider Ethics

This print textbook is available for students to rent for their classes. The Pearson print rental program provides students with affordable access to learning materials, so they come to class ready to succeed. For courses in ethics and ethical theory. Balancing theory and application Consider Ethics: Theory, Readings, and Contemporary Issues covers major ethical theories by tying them to aspects of our day-to-day lives, bringing them to life. Ethics play a part in personal relationships, business, cultural conflicts, and more. By relating ethical theories to issues that arise naturally in modern life, Consider Ethics engages students and pushes them to draw their own conclusions. The 4th Edition has been updated extensively, including a new chapter on reflective equilibrium as a method of ethical inquiry, expansion of the critical thinking study to facilitate discussion of controversial topics, new chapter exercises, and much more.

Consider Ethics

CONTEMPORARY ISSUES IN BIOETHICS, 8E, International Edition provides balanced coverage and detailed analysis of key topics in bioethics, including human reproduction; euthanasia and assisted suicide; genetics and genetic testing; the right to health care; organ donation and transplantation; human and animal research; as well as policy and planning for public health threats. With a diverse range of classic and contemporary essays and landmark court cases written by influential scholars and judges, this anthology will help you understand bioethics from a variety of perspectives.

Contemporary Issues in Bioethics

This publication features 59 selections organised into three parts, providing instructors with great flexibility in designing and teaching a variety of courses in moral philosophy.

Consider Ethics

provides students with a sound introduction to contemporary ethics. It combines well-established classical readings with new, previously unreleased essays by modern philosophers. Contains an opening section on ethical theory.

Ethics History, Theory and Contemporary Issues

Ethics or moral philosophy is a branch of philosophy that is concerned with establishing, upholding and advocating ideas of right and wrong conduct. It deals with matters of value, and falls under the division of philosophy called axiology. Ethics seeks to solve the questions of human morality by defining concepts such as good and evil, right and wrong, virtue and vice, and justice and crime. As a field of intellectual inquiry, ethics also deals with the areas of moral psychology, descriptive ethics and value theory. Meta-ethics, normative ethics and applied ethics are the three major recognized areas of study within ethics. This book is compiled in such a manner, that it will provide in-depth knowledge about the theory and practice of ethics. Its objective is to give a general view of the theory and contemporary issues of ethics. Coherent flow of topics, student-friendly language and extensive use of examples make this book an invaluable source of knowledge.

Social and Personal Ethics

Jacques P. Thiroux first published ETHICS: THEORY AND PRACTICE in 1977 in order to educate readers about ethical theory and to have them apply what they learn to specific problems (e.g., taking human life; lying, cheating, stealing, and breaking promises; establishing ethical practices in business; honoring ethical obligations in medicine; and so on). Together with case studies written by the author, ETHICS: THEORY AND PRACTICE continues to provide students with a solid foundation in understanding classic and contemporary moral problems. New to Ethics: Theory and Practice, Eighth Edition! New sections on stem cell research, advanced health care, and the Enron scandal Revised sections on terrorism in the wake of September 11, 2001 Added material on care ethics and John Rawls's theory of justice Companion Website(TM) FREE, online resource for students for further enrichment in ethics studies ABC NEWS(TM) Videos: FREE videos for instructional use on contemporary ethical issues (forthcoming)

Ethics: Theory and Contemporary Issues

The most accessible introduction to ethical theory, moral reasoning, and contemporary ethical issues--now shorter and more focused, and still the best value.

Ethics

This comprehensive anthology represents the key issues and problems in the field of medical ethics through the most up-to-date readings and case studies available. Each of the book's six parts is prefaced with helpful introductions that raise important questions and skillfully contextualize the positions and main points of the articles that follow.

Doing Ethics

The most accessible and practical introduction to ethical theory, moral issues, and moral reasoning.

Ethical Issues in Modern Medicine

SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.

Doing Ethics

The Bloomsbury Companion to Political Philosophy is the definitive guide to contemporary political philosophy. The book covers all the most pressing and important themes and categories in the field - areas that have continued to attract interest historically as well as topics that have emerged more recently as active areas of research. Fourteen specially commissioned essays from an international team of experts, including Eduardo Mendieta and Gillian Brock, reveal where important work continues to be done in the area and, most valuably, the exciting new directions the field is taking. The Companion explores a range of issues from the nature and history of political philosophy, sovereignty, distributive justice, democratic theory, feminist theory, to toleration, human rights, immigration, cosmopolitanism, peace, war, and the challenge of Eurocentrism in political philosophy. Featuring a series of indispensable research tools, including an A to Z of key terms and concepts, a chronology, a detailed list of resources, and a fully annotated bibliography, this is the essential reference tool for anyone researching or working in political philosophy.

Social and Personal Ethics

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Bloomsbury Companion to Political Philosophy

This anthology represents all of the most important points of view on the most pressing topics in bioethics. Containing current essays and actual medical and legal cases written by outstanding scholars from around the globe, this book provides readers with diverse range of standpoints, including those of medical researchers and practitioners, legal experts, and philosophers.

Ethical Theory and Social Issues

Just war theory exists to stop armies and countries from using armed force without good cause. But how can we judge whether a war is just? In this original book, John W. Lango takes some distinctive approaches to the ethics of armed conflict. DT A revisionist approach that involves generalising traditional just war principles, so that they are applicable by all sorts of responsible agents to all forms of armed conflict DT A cosmopolitan approach that features the Security Council DT A preventive approach that emphasises alternatives to armed force, including negotiation, nonviolent action and peacekeeping missions DT A human rights approach that encompasses not only armed humanitarian intervention but also armed invasion, armed revolution and all other forms of armed conflict Lango shows how these can be applied to all forms of armed conflict, however large or small: from interstate wars to UN peacekeeping missions, and from civil wars counter-insurgency and counter-terrorism operations.

Contemporary Moral Problems

An accessible, student-centred guide to the key ideas in moral philosophy. Suitable for both A Level and undergraduate study. This book provides an accessible, readable, student-centred guide to moral philosophy. Through lucid explanation, careful use of modern examples and engaging activities it leads students towards deeper understanding of all the key issues in the study of ethics. Key features include: - a clear overview of the key ideas in moral philosophy, including detailed examination of the prescribed areas of study: meta-ethics, prescriptive ethics and applied ethics - application of those ideas to the contemporary issues of abortion, euthanasia and animal rights - imaginative tasks and activities to stimulate thought and explore ethical ideas in an engaging and motivating way - key quotes from the significant writers, and interesting examples of ethical debate in film and literature - a critical analysis of the various ethical theories - end-of-chapter key point summaries covering what readers need to know to answer exam questions on moral philosophy and ethics - an extensive glossary of key words and ideas - thorough referencing to enable students to follow up key ideas and quotes in independent study.

Ethical Issues in Business

The book introduces the reader to western ethics as a subject, along with its three standard subdivisions. Although the book is written with university students, policymakers, and professionals in mind, the book is lucid enough to be accessible to most adult readers. The book begins with introductions to the basics of ethics. These chapters are meant to provide the reader with the background knowledge necessary for understanding the more technical chapters on metaethics, normative ethics theories, and applied ethics, the three well-known subdivisions within ethics. The chapters that follow take up core ethical issues from each of these areas. The sections focus on explanation and a critical understanding of the ethical issue. The chapters also have examples, cases, and exercises to encourage critical thinking and to enable the reader to grasp the issue better. The book has tried to bring contemporary issues, such as ethics of human organ transplantation, and contemporary theories, such as Amartya Sen's concept of Justice and Martha Nussbaum's Capabilities Approach, to engage the readers with ethics in the real world. The book concludes with applied ethics, but with the example of ethics of artificial intelligence. The aim is to keep ethics as a future-driven activity and to emphasize the need to understand the real-world ethical situations and dilemmas that will affect the stakeholders all around the world in the coming years as artificial intelligence and data-driven technologies change our everyday life.

Contemporary Issues in Bioethics

The bestselling and field-defining textbook which has introduced generations of students to the field of practical ethics, now in a new fully-revised fifth edition For more than twenty years, Ethics in Practice has paved the way for students to confront the difficult ethical questions they will, must, or do already face. Accessible to introductory students yet sufficiently rigorous for those pursuing advanced study, this

celebrated collection encourages and guides readers to explore ethical dimensions of important, controversial topics such as euthanasia, environmental action, economic injustice, discrimination, incarceration, abortion, and torture. In combining new and revised modern texts with works of classic scholarship, *Ethics in Practice* equips readers to consider wide-ranging ideas in practical ethics and to understand the historical basis for contemporary developments in ethical theory. Revisions and updates to the new edition of *Ethics in Practice* focus on covering pressing global issues and adding depth to key sections. Many sections have been expanded to offer more thorough coverage of topics in ethical theory. Edited by Hugh LaFollette, highly regarded for his contributions in the field of practical ethics, this important volume: Explores the connections between ethical theory and divisive contemporary debates Includes general and section introductions which map the conceptual terrain, making it easy for students to understand and discuss the theoretical and practical dimensions of the issues Offers up-to-date incisive discussion global, local, and personal ethical issues Provides original essays, new perspectives, and revisions of key critical texts Enables instructors to discuss specific practical issues, broader groupings of topics, and common themes that connect major areas in ethics Already a market-leading text for introductory and applied ethics courses, the latest edition of *Ethics in Practice: An Anthology* continues to be an essential resource for instructors and students in philosophy departments around the world.

Ethics of Armed Conflict

This is an analysis of medical ethical concepts based on legal principles and court decisions, describing what actually happens in practice rather than what should happen and, where there are no precedents available, what is most likely to happen.

Moral Philosophy

This anthology takes a broad approach to ethics, incorporating traditional topics and texts while bringing in voices and themes that are too often excluded. A substantial section on ethical theory is provided, as are readings on topics such as oppression, sex, identity, the environment, life and death, war and terror, and caring for others. Accessible introductions and discussion questions are included throughout to contextualize material for the student reader without playing favorites among the positions at issue.

Introduction to Ethics

This book explores the idea of religious pluralism while defending the norms of secular cosmopolitanism, which include liberty, tolerance, civility, and hospitality. The secular cosmopolitan ideal requires us to be more tolerant and more hospitable toward religious believers and non-believers from diverse traditions in our religiously pluralistic world. Some have argued that the world's religions can be united around a common core. This book argues that it is both impossible and inadvisable either to reduce religion to one thing or to deny religion. Instead, the book affirms non-reductive pluralism and seeks to understand how we should live in a pluralistic world. Building on work in the sociology of religion and philosophy of religion, the book examines the growth of religious diversity (and the spread of nonreligion) in the contemporary world. It argues that religious toleration, hospitality, and compassion must be extended in a global direction. Secular cosmopolitanism recognizes that each person has a right to his or her deepest beliefs and that the diversity of the world's religious and non-religious traditions cannot be reduced or eliminated.

Ethics in Practice

Makes Ethical Ideas Accessible to Students With a clear presentation, *Ethics: Theory and Practice* educates readers about ethical theory and applies concepts to classic and contemporary moral problems (lying, cheating, establishing ethical business practices, honoring ethical obligations in medicine, etc.). This title educates readers about ethical theory and its applications in a way that beginning students can understand. *Ethics* is neither technical nor does it plunge readers into complex readings without sufficient background.

This title is fully updated with global issues and non-Western ethical views. Besides updating the foundations of the book, the author incorporates new and relevant material, most of which is often unique only to this title.

Mason and McCall Smith's Law and Medical Ethics

For courses in Ethics, Applied Ethics, Social and Political Ethics, and Ethics and Moral Issues. This comprehensive anthology includes classic and contemporary readings in moral theory and the most current applied ethics debates emphasizing international concerns. Includes court cases in philosophical readings, an ethical theory overview; shows relevance of traditional and contemporary writers.

Being Ethical: Classic and New Voices on Contemporary Issues

"Business Ethics and Values" introduces students to the complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professor of Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

Secular Cosmopolitanism, Hospitality, and Religious Pluralism

Well renowned and highly acclaimed, *Ethics: Theory and Practice* introduces readers with little or no background in philosophy or ethics to traditional and contemporary ethical theory using a clear, jargon-free style and a flexible organization. Discussing theories that readers can relate to their own life experiences, this Eighth Edition applies its material to various fields in the real world such as business, medicine, the environment, and the media. A host of examples and case studies illustrates for readers how to set up their own systematic, rational ethics and how to apply ethical theories to traditional and contemporary moral issues. For professionals with a career or interest in philosophy, ethics, psychology, and education.

Ethics

The contributors argue that the Westphalian influence on international relations has blinded the analysis that would awaken our awareness of the increasing erosion of state boundaries. It has in effect retarded our recognition of the common condition we share.

Morality and Moral Controversies

“This practical guide is ideal both for teaching future members of the profession about their ethical

responsibilities and for reinforcing ethical competence among current professionals. We strongly recommend this book.” Jeffrey E. Barnett, PsyD, ABPP W. Brad Johnson, PhD Loyola University Maryland United States Naval Academy Coauthors, Ethics Desk Reference for Counselors, 2nd Edition “Herlihy and Corey’s text boosts the reader’s ethical understanding leaps and bounds above mere reading of the ACA Code of Ethics. With multifaceted case study examples and an integrated approach to tackling ethical dilemmas, this book is a must-read for students, counselors, counselor educators, and supervisors.” Shannon Hodges, PhD Michael Knight Niagara University Graduate Student, Niagara University ACA Ethics Revision Task Force Member The seventh edition of this top-selling text provides a comprehensive resource for understanding the 2014 ACA Code of Ethics and applying its principles to daily practice. Each individual standard of the Code is presented with an explanatory case vignette, and a Study and Discussion Guide is provided at the beginning of each major section of the Code to stimulate thought and discussion. Common ethical concerns, with instructive case studies, are then explored in individual chapters. Topics addressed include client rights and informed consent, social justice and counseling across cultures, confidentiality, counselor competence, working with minor clients, managing boundaries, client harm to self or others, counselor training and supervision, research and publication, and the intersection of ethics and law. Chapters new to this edition examine managing value conflicts and the issues surrounding new technology, social media, and online counseling. The Casebook also contains an Inventory of Attitudes and Beliefs About Ethical Issues to assist counselors in developing a personal ethical stance. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org.

Business Ethics and Values

For courses in Introduction to Ethics Make ethical ideas accessible to students Ethics: Theory and Practice introduces ethical theory and its applications in a way that beginning students can understand. Delivering a balanced overview of the discipline, authors Jacques Thiroux and Keith Krasemann devote eight chapters to key ethical theories - including both Western and non-Western ethical theories and moral perspectives. The subsequent eight chapters are dedicated to applied ethics, focusing on topics such as euthanasia, abortion, bioethics, and business ethics. Eight closing appendices on Thiroux's theory of Humanitarian Ethics and the application of this theory to moral problems further encourage students to focus on applying ethical theory in real-world scenarios. NOTE: This ISBN is for a Pearson Books a la Carte edition: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook. Ethics: Theory and Practice, Eleventh Edition is also available via REVEL(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Ethics

Cultural diversity – how psychologists can meet the challenges and grasp the opportunities Culture and diversity are both challenge and opportunity. This volume looks at what psychologists are and can be doing to help society meet the challenges and grasp the opportunities in education, at work, and in clinical practice. The increasingly international and globalized nature of modern societies means that psychologists in particular face new challenges and have new opportunities in all areas of practice and research. The contributions from leading European experts cover relevant intercultural issues and topics in areas as diverse as personality, education and training, work and organizational psychology, clinical and counselling psychology, migration and international youth exchanges. As well as looking at the new challenges and opportunities that psychologists face in dealing with people from increasingly varied cultural backgrounds, perhaps more importantly they also explain and discuss how psychologists can deepen and acquire the intercultural competencies that are now needed in our professional lives.
